AQUABETTA™ Suspended Aquarium Desk Lamp

THE WORLD'S FIRST AND ONLY SUSPENDED BETTA TANK

The relaxing tranquility and contemporary design of the AquaBetta is sure to add ambiance to any room. Hand-crafted from crystal clear glass, the spherical shape provides 360° viewing of your betta fish. Designer series fixtures feature solid metal stands and are available in Modern or Antique styles. The scratch resistant sphere holds approximately 1 liter and has feeding holes located on the top lid.

DON'T STRESS OUT

Research has shown that quietly watching fish can ease stress levels and lower your blood pressure. The AquaBetta is easy to clean and very low maintenance. Betta fish are one of the easiest fish to keep and can live up to 5 years.

WALK BY THE MOONLIGHT

The luminescent glow given off by the built-in LED Moon White Lunar Light makes the AquaBetta the perfect night-light. It casts a crisp moon glow for nighttime viewing without waking you up. Low voltage design makes it safe for kids. Features an on/off switch and remote transformer.

THE PERFECT GIFT

Whether it is a Valentines Day, Birthday or Christmas gift, or you just need something to help yourself chill, the AquaBetta is sure to be popular with almost anyone. They make great night-lights for kids and are also great for office desks. The contemporary design creates a piece of living art.
