

Aquabetta - FAQ's

Q: Are replacement glass bowls available?

A: Replacement glass bowls (Part #7090) are available for purchase through your Current-USA dealer.

Q: How often should the Aquabetta bowl be cleaned?

A: A water change should be performed at least twice per month or according to the recommendations of your dealer. Do not use any chemicals or detergents when cleaning the AquaBetta bowl.

Q: Can other fish be used in the Aquabetta bowl?

A: The AquaBetta is really only designed for Bettas as these fish are accustomed to living in a confined space.

Q: How often should I feed my betta fish?

A: Please consult the dealer from whom you purchased your Betta on its feeding schedule.
