

# BRILLIANT EFFICIENCY

## HIGH OUTPUT T5 RETROFIT KITS

- Lamps maintain 95% of lumen output over lamp life
- European style SlimPac T5HO lamps included
- Performance driven electronic ballast
- Perfect for stand-alone use or enhancing metal halide lighting systems
- BJB waterproof endcaps
- Individual German parabolic reflectors

- **SMALL SIZE, BIG IMPACT** - Give your tank a whole new level of brightness with Nova Extreme Retrofit, a high output T5 lighting kit that harnesses the power of SlimPac T5HO lamps. SlimPac high output T5 lamps are designed to deliver the maximum amount of lumens from the smallest possible diameter. The result is an extremely bright lamp that produces nearly twice the lumen output of a standard T8 fluorescent lamp in similar length. By pairing SlimPac T5HO lamps with our proprietary electronic driving system, you will create a lighting solution that delivers unbeatable performance.
- **WHATS INCLUDED** - This super efficient kit packs two SlimPac high output T5 lamps, individual German parabolic reflectors, BJB waterproof endcaps and a high performance electronic ballast assembly with quick disconnects.

BJB Waterproof Endcaps

Performance Driven Electronic Ballast

<u>Item#</u>	<u>Description</u>
1130	24" Nova Extreme Retrofit 2-Lamp, 24 watt 10K/460nm Combo
